- This document may contain capitalized terms that are not defined herein, or may contain terms that are discussed in other documents or that are commonly understood. You should make no assumptions about the meaning of capitalized terms that are not defined, and you should consult with advisors of AAFAF should clarification be required.
- The report dated January 19, 2018, "Summary of Bank account Balances for Puerto Rico Governmental Instrumentalities As of December 31 2017," (the "Bank Account Balance Report") disclosed the balance of Other Puerto Rico Treasury Custody Accounts of \$580 million as of December 31, 2017. This balance was further segmented into \$374M in pension-related funds (Employee Withholdings and Pay-Go Charges), \$142M in Central Government non-TSA funds (lottery-related funds and other funds held and administered by central government agencies), and \$64M held TSA Sweep Accounts that collect income and completely pass through to TSA on a daily basis (includes General Collections Posts, Agency Collections Posts, and SUT). As further set forth in the Bank Account Balance Report, processes are currently in place to continue evaluating the accounts, including analyzing the cash inflows and outflows and reviewing legal restrictions relative to funds deposited into the bank accounts.

<b>Retained Revenues</b>	Revenues conditionally assigned to certain public corporations and the collections of those revenues are through accounts referred to as "pass-through" accounts. The largest of these pass-through accounts consist of (i) AACA auto insurance, (ii) AFI/RBC petroleum tax, (iii) ASC personal injury insurance, (iv) HTA toll revenues.
<b>RHUM System</b>	- This is the software system that DTPR uses for payroll.
<b>SIFC</b>	State Insurance Fund Corporation.
<b>Special Revenue Funds</b>	- Commonwealth governmental funds separate from the General Fund that are created by law, are not subject to annual appropriation and have specific uses established by their respective enabling legislation. Special Revenue Funds are funded from, among other things, revenues from federal programs, tax revenues assigned by law to public corporations and other third parties, fees and charges for services by agencies, dividends from public corporations and financing proceeds.
<b>SSA</b>	Social Security Administration.
<b>TRS</b>	Teachers Retirement System means the Puerto Rico System of Annuities and Pensions for Teachers, a statutory trust created to provide pension and other benefits to retired teachers of the Puerto Rico Department of Education and to the employees of the Teachers Retirement System. TRS is a fiduciary fund of the Commonwealth of Puerto Rico for purposes of the Commonwealth's financial statements.
<b>TSA</b>	Treasury Single Account, the Commonwealth's main operational bank account (concentration account) in which a majority of receipts from Governmental funds are deposited and from which most expenses are disbursed. TSA receipts include tax collections, charges for services, intergovernmental collections, the proceeds of short and long-term debt issuances and amounts held in custody by the Secretary of the Treasury for the benefit of the Commonwealth's fiduciary funds. Only a portion of the revenues received by the TSA is included in the annual General Fund budget presented to the Puerto Rico Legislative Assembly for approval. Other revenues are separately assigned by law to certain agencies or public corporations but still flow through the TSA.
<b>Unrecorded Invoices</b>	- Invoices that have been physically received but are currently being manually entered into an Excel ledger at DTPR. These invoices have not been captured in the accounting system.

## Introduction

- Enclosed is the weekly Treasury Single Account ("TSA") cash flow report, supporting schedules and Liquidity Plan to actual variance analysis.
- TSA is the Commonwealth's main operational bank account (concentration account) in which a majority of receipts from Governmental funds are deposited and from which most expenses are disbursed.
- Beginning April 2016, TSA receipts are deposited in a commercial bank account rather than the Government Development Bank for Puerto Rico ("GDB").
- Receipts in the TSA include tax collections (including revenues assigned to certain public corporations and pledged for the payment of their debt service), charges for services, intergovernmental collections (such as reimbursements from Federal assistance grants), the proceeds of short and long-term debt issuances held in custody by the Secretary of Treasury for the benefit of the Government fiduciary funds, and other receipts. Only a portion of the revenues received by the TSA is included in the annual General Fund budget presented to the Puerto Rico Legislative Assembly for approval. Other revenues are separately assigned by law to certain agencies or public corporations but still flow through the TSA.
- Disbursements from the TSA include payroll and related costs, vendor and operational disbursements (including those reimbursed by Federal assistance grants and funded from Special Revenue Funds), welfare expenditures, capital outlays, debt service payments, required budgetary formulas and appropriation payments, pass-through payments of pledged revenues to certain public corporations, tax refunds, payments of current pension benefits and other disbursements.
- Federal funds related to disaster relief for hurricanes Irma and Maria are deposited in a separate bank account overseen by the Government Authorized Representative ("GAR"), and transferred to the TSA only after admissible disbursements (per approved Project Worksheets) have been made. These inflows to the TSA will be captured on the Federal Funds Receipts (Schedule C); outflows will be captured on the Vendor Payments (Schedule E).
- Data for TSA inflows/outflows is reported from various systems within the Department of Treasury of Puerto Rico ("DTPR"):
  - Cash Flow Actual Results - Source for the actual results is the TSA Cash Flow.
  - Schedule A - Collections - Source for collections information is the DTTPR collections system.
  - Schedule B - Agency Collections - Source for the agency collections is DTTPR.
  - Schedule C - Federal Fund Receipts - Source for the federal funds receipts is DTTPR.
  - Schedule D - Net Payroll - Source for net payroll information is the DTTPR Rhum Payroll system.
  - Schedule E - Vendor Payments - The source for vendor payments is the Bank checks paid report and a report from the DTTPR PRIFAS system.
  - Schedule F - Other Legislative Appropriations - Source for the other legislative appropriations is DTTPR.
  - Schedule G - Central Government - Partial Inventory of Known Short Term Obligations - Sources are DTTPR.
  - Schedule H - Budget Allocation of the Reconciliation Adjustment for the Central Government Loan to PREPA - Source is the Office of Management and Budget
- Data limitations and commentary:

The government has focused on the seven schedules above for which access to reliable, timely, and detailed data is available to support these items. The government continues to work with DTTPR and other parties to access additional reliable data that would help us provide detail in the future for other line items in the Cash Flow.

## FY 2018 TSA Forecast Key Assumptions

- The FY 2018 Treasury Single Account cash flow forecast Liquidity Plan was prepared at the beginning of the fiscal year based on the approved FY 2018 Budget, was projected monthly through June 2018, and is used as the benchmark against which weekly results and variances are measured. As a result of material economic and operational changes stemming from Hurricanes Irma and Maria, DTPR is in the process of developing a reforecast of TSA cash flows to year-end. Until then, the original TSA forecast will continue to serve as the measure for weekly cash flow variances.
- Forecast collections and disbursements through the General Fund and Federal Fund are consistent with the approved FY 2018 Budget, with the exception of payroll outlays which were forecast based on run-rate cash disbursement trends, and budget reserves which are non-cash and do not impact the TSA direct cash flows.
- TSA General Fund inflows are "gross" (i.e. include accrued Tax Refunds in 2018) and therefore higher than presented in the approved FY 2018 Budget, which considers General Fund revenues net of current year tax refunds. Repayment of deferred tax refunds (from CY 2016 and prior) total \$292mm; reserve for current year tax refunds (excluding garnishments) total \$456mm.
- Payroll outlays are based on FY 2017 run-rate disbursements, less savings measures, representing a \$298mm favorable adjustment to the approved FY 2018 Budget for the full fiscal year. Payroll is presented inclusive of segregated employee contributions (\$349M for the year). Payroll is disbursed through the TSA on a bi-weekly basis, approximately on the 15th and 30th of each month.
- Pensions reflect the implementation of the pay-as-you-go model in FY 2018. Retirement system inflows represent deposits from municipalities and corporations net of administrative expenses. Figures also include ERS / TRS / JRS asset sales (\$390M), which occurred in July 2017.
- The Liquidity Plan assumes collections and outlays of Federal Funds are equal in FY 2018 (zero net cash impact), excluding potential timing impact.
- Clawback funds set aside prior to June 2016 (approx. \$146mm held at BPPR accounts and \$144mm held at GDB) are considered restricted cash and therefore excluded from the projected cash balance.
- The Liquidity Plan assumes \$592mm of Reconciliation Adjustment as per the approved FY 2018 Budget and March 13 certified Fiscal Plan, which is projected separately from supplier payments and distributed evenly over 12 months. No further provision has been made for potential contingent liabilities against the government.
- The Liquidity Plan assumes that beginning November 2017, COFINA SUT collections flow to the General Fund and are available to the TSA for operational purposes, totaling approx. \$316mm in incremental collections in the forecast. However, these funds flowed to the COFINA bank account (BNY Mellon), which created a permanent variance of -\$316mm against the Liquidity Plan.

Executive Summary - TSA Cash Flow Actual Results for the Week Ended March 23, 2018

Key Figures as of 3/23/2018					
	\$2.05bn	\$117M	(\$3M)	\$246M	(-\$322M)
	Bank Cash Position	Weekly Cash Flow	Weekly Variance	YTD Net Cash Flow	YTD Net Cash Flow Variance

Notable variances<sup>(a)</sup> for the week ended March 23, 2018:

-\$83M	<b>Outflow - ASES Appropriation</b>	(Temporary) Variance due to the timing of federal funds received for this appropriation and it offset the previous week's variance. YTD variance against the Liquidity Plan is -\$3M (less than 1%).
+\$59M	<b>Inflow - General Collections</b>	(Temporary) Due to the timing of collections relating to the prior week, this week's variance offsets last week's. Collections outperformed Liquidity Plan mainly due to the General Fund portion of collections with +\$17M higher in Individual Income Taxes, +\$10M higher in Motor Vehicle Collections, +\$8M higher in Nonresident Withholdings and others.
+\$52M	<b>Outflow - Other Payroll</b>	(Temporary) Variance due to the timing of various payments to financial service providers on behalf of public employees and for insurance providers which occurred prior to forecast over the course of the previous two weeks.
+\$26M	<b>Net Inflow - PREPA Loan</b>	(Temporary) Weekly variance due to excess revenues collected by PREPA that were applied to the repayment of outstanding Revolving Credit Loans, in accordance with Section 2.6(b)(i) of the Superpriority Post-petition Revolving Credit Loan Agreement.
-\$57M	<b>All Other Inflows &amp; Outflows</b>	Includes disbursements for the Nutritional Assistance Program (-\$38M), HTA appropriation (-\$26M), SUT collections (-\$22M), Other Legislative Appropriations (+\$16M), and others (+\$13M).

Notable YTD variances<sup>(a)</sup> as of March 23, 2018:

-\$376M	<b>Inflow - Federal Fund Receipts</b>	(Temporary) YTD variance is the result of: (1) lower-than-projected federal reimbursements for vendor payments; (2) timing of ASES pass-through Medicaid appropriations, which will reverse in the near term; (3) timing of disbursements for the Nutritional Assistance Program, which will reverse in the near term; (4) lower federally-funded payroll disbursements as a percent of total payroll versus the Liquidity Plan. Analysis will be reperformed as of March 30, 2018 for the TSA Cash Flow report publication for the week ended 3/30/18 that will detail this variance as of 3/30/18, its composition (split between aforementioned variance drivers) and the nature of the variance drivers (permanent vs. temporary).
-\$432M	<b>Inflow - Sales &amp; Use Tax</b>	(Mostly Permanent) YTD permanent variance is driven by: 1) Liquidity Plan assumed \$316M of COFINA funds would flow to the General Fund but instead, the funds were deposited in the COFINA account; 2) lower than anticipated collections due to lost revenues from Hurricane Maria's impact on economic activity in addition to a temporary sales tax exemption on prepared foods and items sold by small and medium merchants (exemptions expired on 1/7 and 12/31, respectively).
-\$300M	<b>Outflow - Loans (PREPA)</b>	(Permanent) \$300M in funds relating to a loan from the Central Government were transferred to PREPA from the TSA on February 23, 2018. Subsequently, due to excess revenues collected by PREPA that were applied to the repayment of outstanding Revolving Credit Loans, two separate repayments of \$36M (on 3/16) and \$26M (on 3/23) were made to the TSA from PREPA (see Net Inflows - PREPA above). YTD variance is considered permanent variance to the FY2018 Liquidity Plan, as the loan is not expected to be repaid prior to the 2018 fiscal year end (though additional repayments may occur, the expectation is that the amount repaid will be subsequently drawn down later this fiscal year), and any funds repaid to the TSA may subsequently be re-drawn by PREPA to arrive at the \$300M in approved funding defined in the original loan agreement.
-\$307M	<b>Inflow - General Collections</b>	(Mostly Permanent) Principally due to the negative impacts caused by Hurricane Maria. The largest YTD collections variances are -\$161M in Act 154 collections, -\$149M in Nonresident Withholdings, -\$94M in Individual Income Tax collections, offset by +\$135M in Petroleum & Gas Tax collections.
+\$534M	<b>Outflow - Vendor Disbursements</b>	(Partially Temporary) The largest portion (\$410M as of 2/28) of YTD variance is related to federally-reimbursable disbursements, approximately 65% of which the Liquidity Plan projected would relate to budget period 2017. Reforecast to year-end for vendor disbursements is being developed to determine how much of remaining YTD variance is permanent vs. temporary.
+\$395M	<b>Outflow - Reconciliation Adj.</b>	(Temporary) \$300M of the YTD Variance is offset by the \$300M loan to PREPA which repurposed the Reconciliation Adjustment that is budgeted at the agency level (refer to Schedule H for details). Remaining YTD variance has been deferred to later this fiscal year.
+\$63M	<b>Net Inflow - PREPA Loan</b>	(Temporary) YTD variance due to excess revenues collected by PREPA that were applied to the repayment of outstanding Revolving Credit Loans, in accordance with Section 2.6(b)(i) of the Superpriority Post-petition Revolving Credit Loan Agreement. Repayments in the amounts of \$36M and \$26M were received on 3/16 and 3/23, respectively. Though additional repayments may occur, the expectation is that the amount repaid will be subsequently drawn down later this fiscal year and YTD variance will be zero as of fiscal year end.
+\$101M	<b>All Other Inflows &amp; Outflows</b>	All other YTD variances in inflows and outflows include a mix of temporary and permanent variances. Largest variances included are Agency Collections (-\$79M), Retirement System Inflows (-\$98M), Pension Related Costs (+\$106M), Tax Refunds (+\$86M) and others (+\$86M).

Key Cash Flow Risks to Liquidity Plan through June 30, 2018:

<b>Corporate &amp; Individual Income Tax</b>	Individual Income Taxes are expected to under-perform the Liquidity Plan throughout the remainder of the fiscal year due to continued effects of Hurricane Maria on collections. Though Corporate Income Tax collections have been fairly resistant to the negative effects of Hurricane Maria to date (3% YTD variance(a)), some deterioration in Corporate Income Tax collections relative to the Liquidity Plan is expected due to the lagged impact of Hurricane Maria on this revenue stream. Due to the timing of Corporate Income Tax collections, a large portion of this effect is projected to be realized in April, 2018.
<b>Nonresident Withholdings</b>	Because Nonresident Withholdings are concentrated amongst several large tax payers, there is risk that the -\$149M YTD variance grows larger or does not reverse throughout the remainder of FY2018. Though the largest tax payers have communicated they will make their scheduled payments this fiscal year, if one or more tax payers do not remit payment before year end it could result in a collections shortfall against the Liquidity Plan.
<b>Nonbudgeted Spend</b>	Disaster relief related spend (which may be reimbursed) may impact working capital due to the timing of the spend / reimbursement cycle and the lag may create temporary cash variances in the TSA. From a budgetary perspective, disaster related spend and other nonbudgeted spend may be reapportioned from noncash budgetary reserves.
<b>PREPA/PRASA</b>	A Federal Court Ruling on February 19, 2018 approved a loan request in the amount of \$300M to PREPA from the TSA and this amount was disbursed to PREPA on February 23, 2018. DTPR may be required to provide additional funding later this fiscal year out of the TSA to continue to support PREPA liquidity needs. PRASA might also potentially require funds to be transferred from the TSA to fund their ongoing liquidity needs.
<b>Title III Spend &amp; Municipal Recovery Fund</b>	TSA funds may be required to cover non-budgeted Title III spend throughout 3Q and 4Q (which may approximate -\$200M) and to set up The Municipal Recovery Fund (potentially -\$100M). From a budgetary perspective, funds may be reapportioned from noncash budgetary reserves to provide for this spend.

Key Cash Flow Opportunities to Liquidity Plan through June 30, 2018:

<b>Bipartisan Budget Act of 2018 (Disaster Relief and Medicaid Program Funding)</b>	The Bipartisan Budget Act of 2018 (The Act) passed by Congress on 2/9 includes provisions for additional disaster relief funding for Puerto Rico that will translate into positive cash flows against the Liquidity Plan. Additionally, The Act provides for federal funds to support Puerto Rico's public health care costs for the next two years. In the Liquidity Plan, federal fund inflows for the Medicaid program (ASES) were forecast to run out in March 2018, with the remaining \$448M required for Premiums & Claims costs at ASES to be paid out of the TSA (budgeted as Special Revenue Funds). The additional Medicaid funding package as recently passed by the US Government will positively impact the TSA ending cash balance by the previous "gap" in funding of \$448M.
<b>Petroleum &amp; Gas Taxes</b>	Strong Petroleum & Gas tax collections could continue throughout Q3 and Q4, providing additional positive variance in collections. YTD collections variance for this revenue stream is +\$135M, largely driven by unplanned increases in demand for oil to run power generators. YTD variance has partially offset other revenues that were negatively affected due to the Hurricanes.

Due to the timing of collections relating to the prior week, this week's variance partially off sets last week's, though variance for the two weeks ended 3/23 was below Liquidity Plan by -\$57M. Collections outperformed Liquidity Plan in the current week mainly due to the General Fund portion of collections with +\$17M higher in Individual Income Taxes, +\$10M higher in Motor Vehicle Collections, +\$8M higher in Nonresident Withholdings and others.
2 Agency Collections	B	(78,959)	10,601	10,189	412	298,592	377,339	(78,547)	(78,547)	(78,547)	(78,547)	2 YTD variance mainly due to -\$31M lower in Department of Health collections and -\$32M lower in Treasury collections, with the remaining variance spread across 40+ other agencies. The majority of YTD variance (-\$62M) is due to collections shortfall in September and October following Hurricane Maria, and may be permanent in nature.
3 Sales and Use Tax		(409,298)	94,391	116,804	(22,413)	926,338	1,358,050	(431,711)	(431,711)	(431,711)	(431,711)	3 Weekly variance due to timing, YTD variance is mostly permanent, due to -\$318M in COFINA SUT collections flowing to the COFINA bank account that were not considered in the Liquidity Plan, lost revenues from Hurricane Maria's impact on economic activity, and temporary sales tax exemptions on prepared foods and items sold by small and medium merchants (exemptions expired on 1/7 and 12/31, respectively).
4 Excise Tax through Banco Popular		4,553	—	—	—	414,398	403,845	4,553	4,553	4,553	4,553	4 Variance is due to timing. Collection for the week ended 3/23 relates to "Other rum", of which 100% is deposited into the General Fund. YTD Variance is also due to timing. The Liquidity Plan assumes a \$17M threshold of Rum Export Tariff collections that relate to FY18 exports would be reached in March 2018. This threshold was met in December 2017 due to better than expected 1Q and 2Q Rum tax collections. Distributions of Rum Export Tariff collections going forward are split between the TSA, rum manufacturers and others. YTD favorable variance in rum tax collections will reverse through the end of 3Q where forecast rum tax collections in the TSA will continue to be distributed to rum manufacturers and others according to the defined rum tax waterfall.
5 Rum Tax		26,140	12,681	—	12,681	178,621	139,800	38,821	38,821	38,821	38,821	5 YTD variance due to timing. Footnotes:

(a) Includes reserve for tax returns (\$456 million) and Special Revenue Fund portion of posted collections.  
(b) Paygo charges to municipalities and public corporations collected at the TSA.

(c) As of the date of this report, includes \$33M in federal funded account balances transferred to the TSA that relate to disaster relief.  
(d) Inflows related to the Department of Health, Department of Labor and Human Resources, the Commissioner of Financial Institutions, and others.

(e) Payroll is paid bi-weekly on the 15th and 30th (or last day of the month, whichever comes sooner).

(f) Related to employee withholdings, social security, insurance, and other deductions.

(g) Police payroll is reflected individually because it is paid through a separate bank account. Also, the police payroll line item shown in the TSA cash flow is gross (i.e. inclusive of Other Payroll Related Items).

(h) Includes payments to third-party vendors as well as intergovernmental payments to agencies with separate Treasuries.

(i) This refers to General Fund appropriations to non-TSA entities such as Legislative Assembly, Correctional Health, Comprehensive Cancer Center, and others.

(j) Excludes Banco Popular de Puerto Rico Account with balance of approximately \$146mm. Amounts deposited in GDB subject to GDB restructuring.

(k) Unless otherwise stated, variances are either not material in nature or are expected to reverse in the short term.

(l) Section 2.6(b)(ii) of the Superpriority Post-petition Revolving Credit Loan Agreement (The Agreement) specifies that upon PREPA's receipt of any revenues in excess of amounts necessary to (i) pay budgeted expenses for Insigble Uses provided for in the Budget (inclusive of the Insigble Uses Variance) and other allowable expenses for Insigble Uses, or any FEMA reimbursable expense for contracts that have been obligated by FEMA and approved by the Oversight Board and (ii) maintain a maximum cash balance of up to \$300M PREPA shall apply such Revenues to the repayment of the outstanding Revolving Credit Loans. The criteria that result in any aforementioned repayment may be triggered due to the seasonality of PREPA operations. Depending on the timing of PREPA's receipts and disbursements, additional repayments may occur over the next several weeks, though additional draw downs are expected to subsequently be necessary and the expectation is that the full approved amount of \$300M will be outstanding at the end of the fiscal year.

(m) Weekly and YTD variance due to excess revenue collected by PREPA that were applied to the repayment of outstanding Revolving Credit Loans, in accordance with Section 2.6(b)(ii) of the Superpriority Post-petition Revolving Credit Loan Agreement<sup>16</sup>. Depending on the timing of PREPA receipts and disbursements, additional repayments (ii) excess of the total \$63M already repaid) may occur over the next several weeks, though additional draw downs are expected to subsequently be necessary and the expectation is that the full approved amount of \$300M will be outstanding at the end of the fiscal year.

(n) Weekly and YTD variance due to excess revenue collected by PREPA that were applied to the repayment of outstanding Revolving Credit Loans, in accordance with Section 2.6(b)(ii) of the Superpriority Post-petition Revolving Credit Loan Agreement<sup>16</sup>. Footnotes:

(a) Following a Federal Court Ruling on February 19, 2018 that approved a loan request in the amount of \$300M to PREPA from the TSA (funds transferred to PREPA on 2/23), \$300M was repurposed from the Reconciliation Adjustment budgeted at the agency level, and use of approved budgeted amounts for the Reconciliation Adjustment from among 14 agencies provided the funding for this loan to PREPA. Refer to the above schedule for the detailed budget allocation by agency. Remaining YTD variance of the Reconciliation Adjustment has been deferred to later this fiscal year. The transfer of funds to PREPA from the TSA is considered a permanent variance to the FY2018 Liquidity Plan (which partially offsets the positive YTD variance of the Reconciliation Adjustment), as the loan is not expected to be repaid prior to the 2018 fiscal year end.
